Demonstration

# **Motivation and Objective**

# Motivation

- Korean Pop Culture attracts tourists to South Korea
- Lack of tools for those seeking relevant locations

Solving this problem

- Korean tourism industry
- Global Hallyu fandom

# Objective

 Target

Anyone who loves Hallyu Culture, including visitors

 What

Information of hotspots related to Hallyu Culture

 How

Guide map application for Hallyu Culture hotspots

# **Project Progress and Roles**

# Project Progress

Weeks	2 - 3	4 - 5	6 - 7	8 - 9	10 - 11	12 - 13	14 - 15
Refinement of Topic							
UI & UX Design							
DB Design							
Implementation							
Data Collection							
Testing & Deployment							

# Roles

Frontend	Backend
José Antunes Yoojin Lee	Daegyo Jung Jisu Kim

# Frontend Team

Name	Role
Yoojin	<p><b>Design / Layout:</b> Design Figma UI / Implement Main, Map, Detail Page</p> <p><b>API Integration:</b> Customize Naver Map API, Connect backend APIs</p> <p><b>Deployment:</b> Deploy Next.js with Nginx</p>
Jose	<p><b>Design / Layout:</b> Design Figma My Page UI / Implement My Page</p> <p><b>Data Collection:</b> Design DataSet, Collect Location Information</p>

# Backend Team

Name	Role
Daegyo	<p><b>Implementation:</b> Design DB, Auth API(Spring Security, JWT), User Side API</p> <p><b>Infra &amp; Deployment:</b> AWS Configuration(EC2, S3, RDS), Github Actions CI/CD</p> <p><b>Data Collection:</b> Collect Content and Location images</p>
Jisu	<p><b>Implementation:</b> Modify DB Design, User Side API, Content lookup API, Location and Image lookup API, Test</p> <p><b>Data Collection:</b> Collect Content and Location information</p>

# **Final Design and Implementation**

# Logo and Icons

Map Marker + K-Heart

K-POP: Violet Drama: Yellow Novel: Pink Movie: Blue

# Main Page

2 random contents

# Main Page: Click *see more*

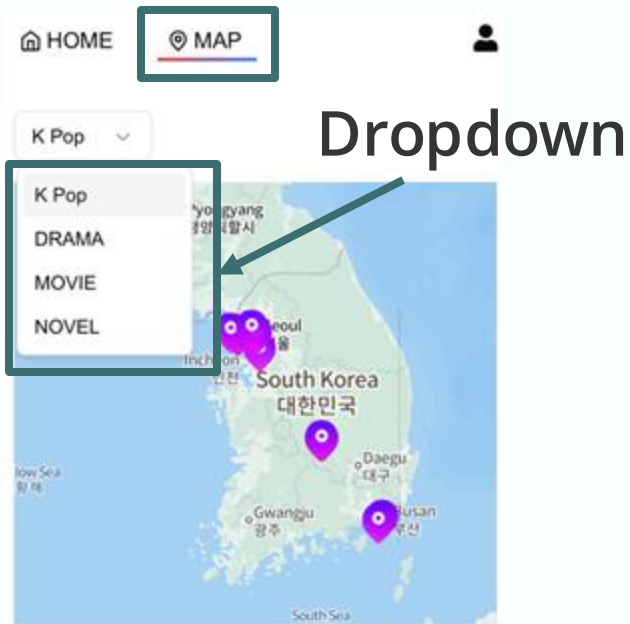

Total contents

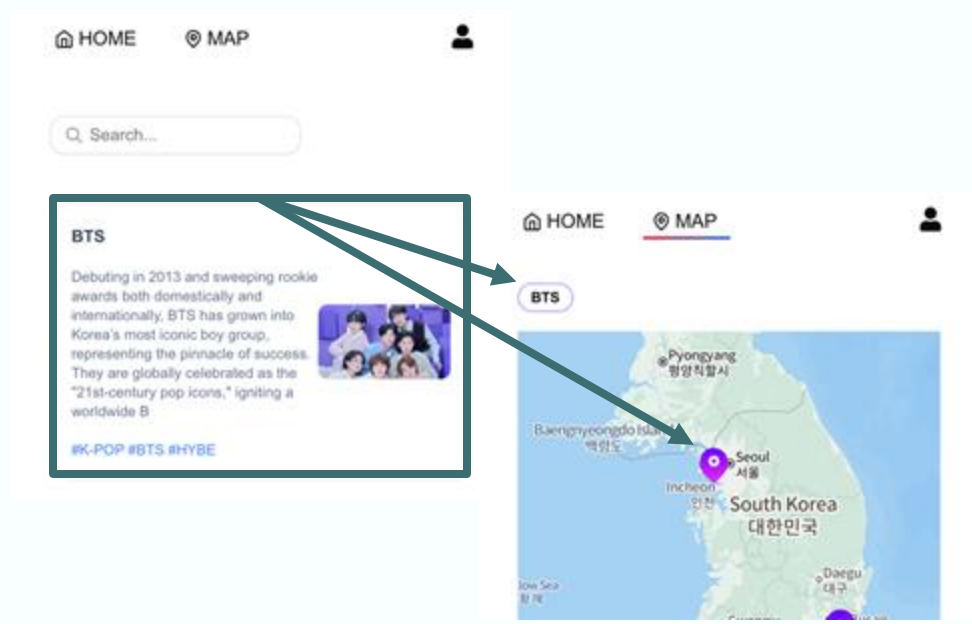

# Map Page: Access

## 1 Header Access

## 2 Content Access

# Map Page

## Map

- Allow Pan to Marker

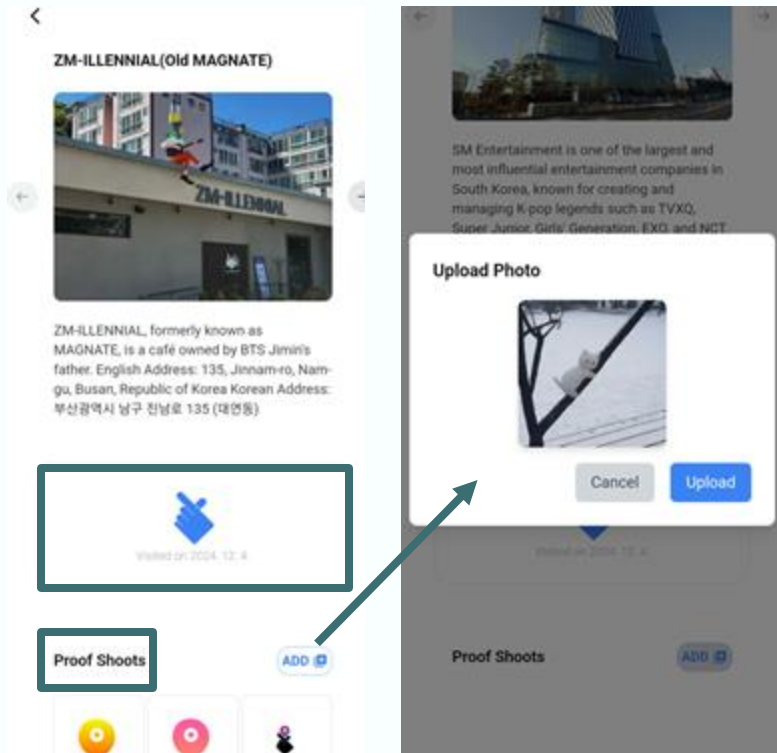

## Favorite

- View total Favorite counts
- Save in My List

## Drawer

- Support Scroll Up
- Expand Card List

# Detail Page

## Images

- Support multiple Images

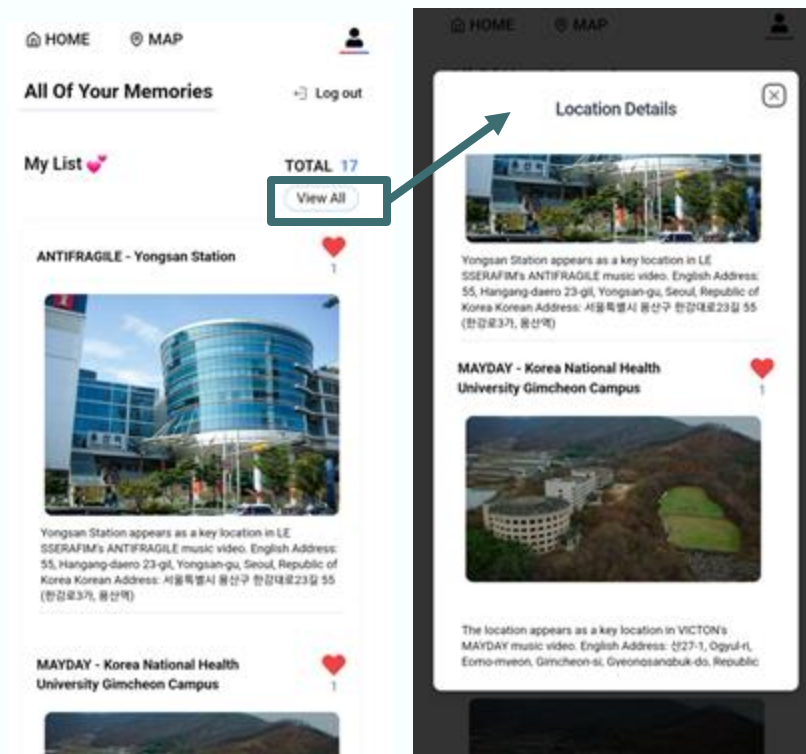

## Stamp

- Activates within 1km Radius
- Save in My Page

## Proof Shots

- View others' Proof Shots
- Upload your Proof Shots

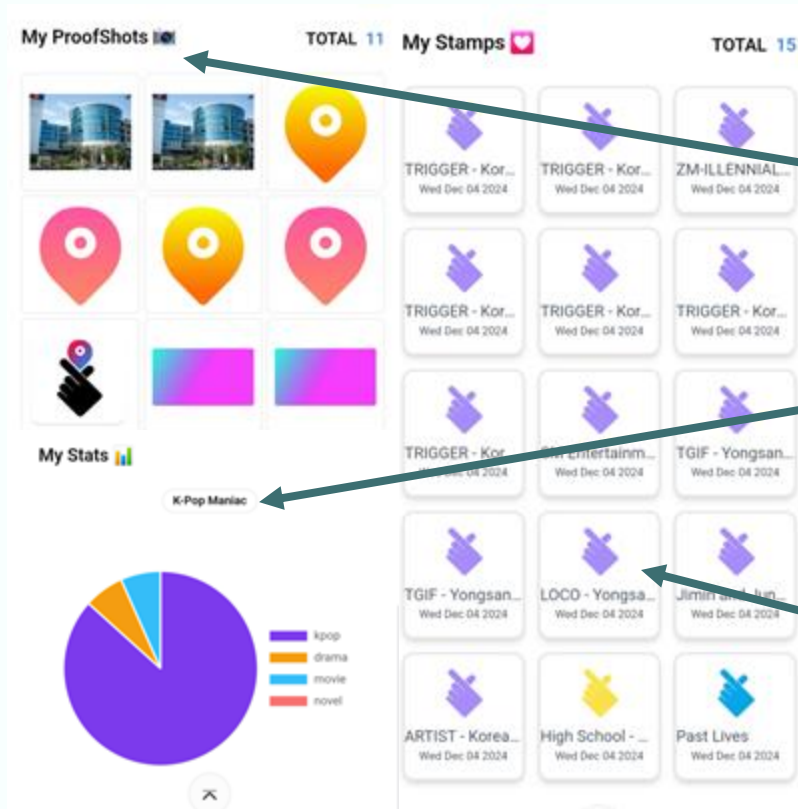

# My Page

## My List

- Display all your Favorites
- Show 2 Locations by default
- *View All* -> Show entire list

# My Page

## My Proof Shots

- Display all your Proof Shots

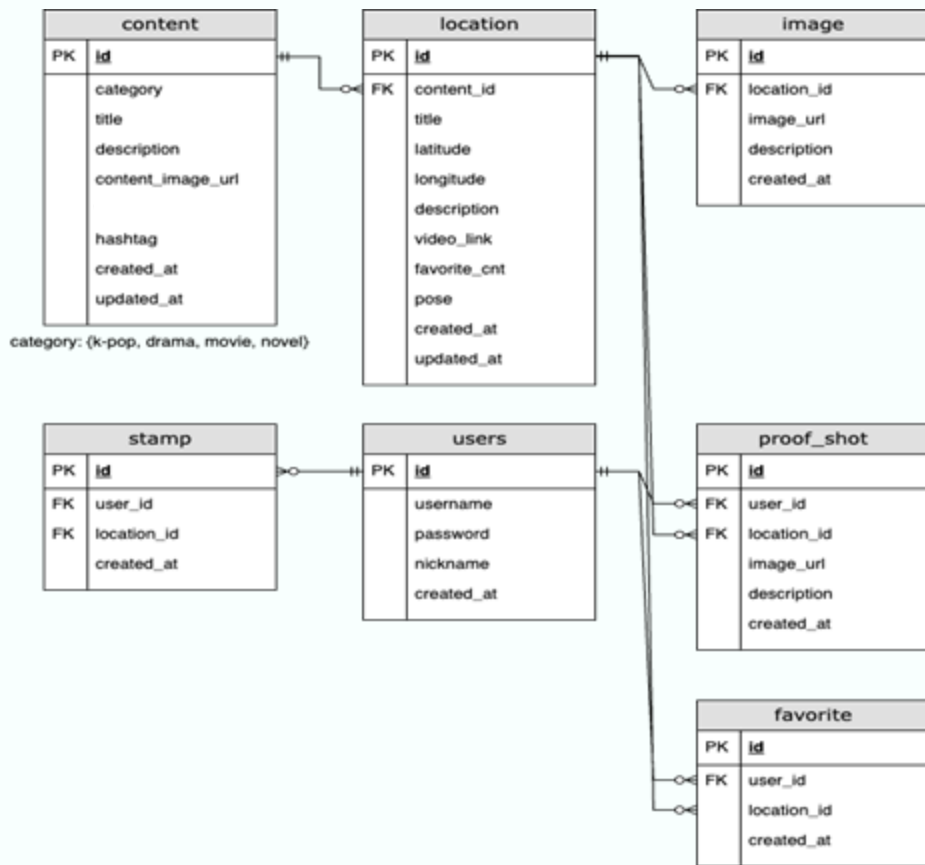

## My Stats

- "OOO Maniac" badge

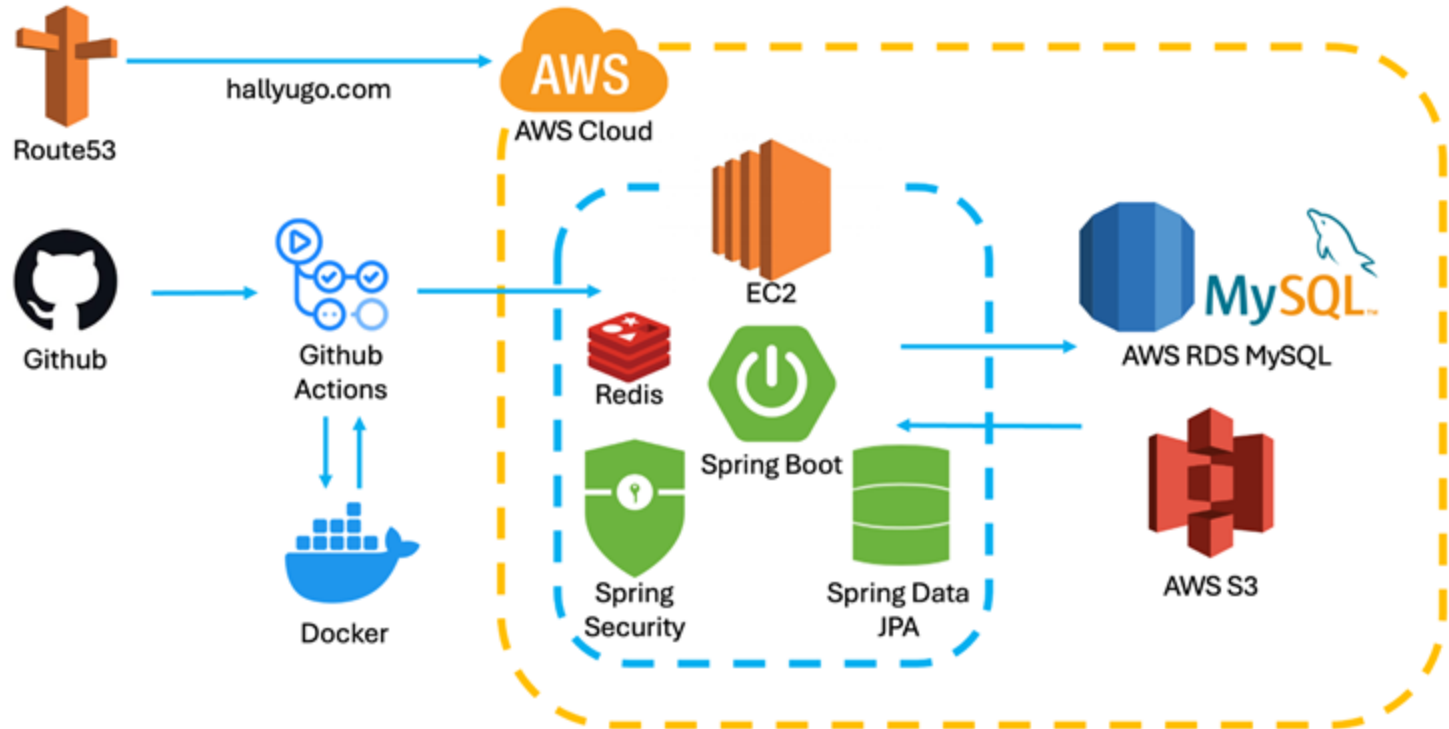

## My Stamps

- Display collected Stamps
- Include Location & Date

# Database

# Backend Architecture

# Implemented Features

- 1 Sign in / Sign up
- 2 Content search
- 3 Location information
- 4 Stamp collection
- 5 Proofshot sharing
- 6 Favorite
- 7 My page
- 8 Visit record analysis (My stats in My Page)

# Tests

- 1 Integration tests for Service
- 2 Unit tests for Controller, Repository

✓ Tests passed: 54 of 54 tests – 10 sec 954 ms

Starting Gradle Daemon...

Gradle Daemon started in 3 s 504 ms

> Task :compileJava UP-TO-DATE

> Task :processResources UP-TO-DATE

# Deployment

- 1 Automate CI/CD using Github Actions
- 2 Deploy Frontend application with Nginx
- 3 Deploy Backend server on AWS EC2

# **Challenges and Limitations**

# Challenges: Naver Map API

## 1 Map API decision

- Initial plan: Kakao Map API
  - Issue: No English language support
- Solution: Switch to Naver Map API

## 2 Customization needs

- Issue: Extensive customization needs
- Solution: Use react-naver-maps library

# Challenges: State Management

## !! Prop drilling issue

- Problem: Increasing complexity
- Example: Location card -> its Detail

## 💡 State management

- Solution: Use Zustand library

# Challenges: DB version Management

!! Frequent DB schema update

- Problem: Difficulty of DB version management

💡 DB version management, Automated migration

- Solution: Use Flyway DB

# Limitations

- 1 Geography: Korean location information only
- 2 Device: Mobile only (Not suitable for Desktop)
- 3 Dataset: 34 Contents, 38 Locations, 101 Images
- 4 Technology: Next.js, Spring
- 5 Time: 2nd week ~ 14th week

# Demonstration

**Thank you**

The footer of the slide features two decorative elements. On the left, there is a light gray rounded rectangular shape. On the right, there are three dark blue circles of equal size arranged horizontally.
